### FRATERNITY WILL HOLD NINTH ANNUAL LEADERSHIP SHIP WORKSHOP

College men from throughout the United States and Canada will take over the DePauw University campus Aug. 25-29 for Sigma Chi's ninth Leadership Training Workshop.

More than 550 delegates are expected to attend the event, according to officials of the national fraternity, as representatives of 127 chapters in 43 states and four Canadian provinces.

Following the pattern set in previous years, the workshop will be designed to develop leadership qualities of undergraduate members through series of lectures and discussion sessions.

A 29-man faculty composed entirely of Sigma Chis, will lecture on subjects ranging from chapter administration and house management to alumni relations and finance.

Delegates will register at DePauw Saturday afternoon, Aug. 25, and hear a welcoming address by J. Dwight Peterson of Indianapolis, national president of the fraternity, at 8 p. m.

Sunday will be devoted primarily to preliminary activities, with officials conducting an open forum at 7:30 p. m., and instructional sessions will begin Monday morning.

Scheduled as a climax for the five-day affair is a special banquet at 12:30 p. m. Wednesday in DePauw's Student Union, featuring an address by Regis Toomey, motion picture star and life member of Sigma Chi.

Each chapter of the fraternity will be required to send at least three undergraduates, including president, treasurer, and pledge trainer, with the option of adding other members.

All delegates will be housed in DePauw's dormitories, and classes will meet in Asbury and Harrison halls, Minshall Laboratory, and the Student Union.

## Editor Marks 100th Birthday

ROCKVILLE, Ind. (UP) — Arthur A. Hargrave, dean of Indiana journalists, celebrated his 100th birthday anniversary today by writing his weekly column — just as he's been doing for more than half a century.

But several hundred other persons were expected to flock here for a birthday party in his honor. Hargrave purchased the Rockville Republican 68 years ago. He owns it still and he will not let a birthday interfere with editorial duties. He has never missed his column, Club Man's Talk.

Failing sight now forces the aged publisher to dictate his columns for the Republican, but he has written something for every issue since 1888.

Hargrave can now look back on the longest newspaper career in Hoosierland.

He was born in Portland Mills Aug. 15, 1856. When he was a boy his family moved to Rockville.

## SQUIRREL SEASON OPENS

## Budget Figures Are Of Interest

The Putnam County budget figures for 1957 have been compiled and they show a grand total of expenditures to be raised by taxation of \$446,582.61. This compares with a grand total of \$290,479 in 1955, or with \$393,673 for 1956.

Included in the budget is more than \$8,000 for testing Putnam county cattle for TB. The welfare budget calls for a total expense of \$290,392, and the hospital budget is for a total of \$411,300, but most of this will be returned to the county through fees collected in the hospital operation. The County Highway fund calls for expenditures of \$220,290.

To raise this sum, a total tax rate of \$1.12 has been proposed on a valuation of \$40,862,400, which is the largest valuation ever placed on Putnam county property.

## Ticket Feuding Among Hoosiers

CHICAGO (UP) — The Hoosier Democratic big-wigs were feuding over convention ticket arrangements Tuesday.

Frank McKinney, Indianapolis, national chairman under former President Truman, charged Paul Butler, the present chairman, failed to distribute the precious tickets fairly.

Butler, of South Bend, denied the charge. He said the pattern of distribution of tickets for the 1956 convention is the same as that used four years ago.

## Stevenson Lacks "Fight": Truman

CHICAGO (UP) — Former President Truman attacked Democratic presidential candidate Adlai Stevenson again today but toned down a statement made Tuesday that Stevenson could not win if nominated.

CHICAGO, (UP) — Adlai E. Stevenson, accused by former President Truman of lacking "fighting spirit," said today that Democrats should save their "abuse" for the Republicans.

The front-running candidate for the Democratic presidential nomination said in a talk to Florida delegates that it does not serve the party's best interests "to demean one another."

"For my part the enemy is not other Democrats," Stevenson said.

"The enemy is the Republicans."

CHICAGO (UP) — Former President Truman said today that Adlai Stevenson lacks the necessary "fighting spirit" of a Democratic presidential nominee.

Mr. Truman, who is working night and day to win the nomination for New York Gov. Averell Harriman, said that Stevenson, now the front-running candidate, "lacks the kind of fighting spirit that we need to win."

Mr. Truman opened a news conference with a blast at newspapers which have said that his espousal of Harriman's cause would harm the former President's place in history.

"I am not worried about the personal consequences," Mr. Truman said.

He said his basic purpose in this Democratic nominating convention was to put across "a fighting candidate" who was not hobbled by "reservations or evasions."

He said he feared that Stevenson followed "the counsel of hesitation" which would lead the Democratic Party in to the hands of moderates.

"I am shocked that any liberal Democrat would abandon the New Deal or Fair Deal as out of date," he said.

## Demos To Unveil Platform Tonight

CHICAGO (UP) — Democratic platform drafters proposed today to pledge the party to assure educational opportunity "without discrimination" for every child regardless of race.

CHICAGO (UP) — Democratic platform drafters came up today with a compromise civil rights proposal affirming authority of the Supreme Court but rejecting use of force to implement its school integration decision.

CHICAGO (UP) — Democratic platform drafters approved, 12-5 early today a compromise civil rights plank shaped by party moderates in an effort to prevent a unity-shattering convention floor fight.

Details of the plank were withheld under tightest secrecy precautions pending its submission today to the full 108-member convention resolutions committee. The convention will take up platform proposals tonight.

Informed sources said the controversial civil rights plank included an indirect endorsement of the Supreme Court decision outlawing segregation in public schools. But they said it made "no clearcut" statement on implementation of the court ruling.

The compromise plank also reportedly upheld the right of all children to attend public schools without discrimination because of race.

The drafting subcommittee Tuesday announced and then called back a platform declaration reversing the historic free trade policy of the Democratic Party.

A watered-down substitute charged the Eisenhower administration "has ignored" provisions, such as the so-called "escape clause" of the reciprocal trade agreements law "designed to protect legitimate American interests against unwarranted destruction of their domestic markets."

The final version of the trade plank pledged the Democratic Party "to return to a sound administration" of the world trade program.

## DAIRY CO-OP BOOKS AUDIT IS DEMANDED

### SHORTAGE OF \$10,500 IS DISCOVERED IN ONE COOPERATIVE

INDIANAPOLIS — George Sandefur, president of Dairy Producers, Inc., said today that his organization is demanding an immediate audit of the books of all three Indianapolis farmer-owned dairy cooperatives that market milk for dairy farmers in 32 central Indiana counties.

The demand followed disclosure that a partial audit of one cooperative, Indianapolis Dairy Producers Council that sells milk for about 425 farmers, shows a shortage in its accounts of \$10,500. Officials of the cooperative charged their former manager, Herbert Littleton, with misuse of the farmers' money.

"This shortage has brought to light the fact that farmers of central Indiana have been deceived for many years as to the price they have been getting for their milk," Sandefur said.

"Milk prices are published regularly twice a month. Dairy farmers have been informed that they get a certain price for Grade A milk, and a lower price for Grade B milk. As a result of this shortage we now learn that all of the cooperatives, Independent Milk Producers Association, Indianapolis Dairyman's Cooperative and the Producers Council, all have been collecting a premium of 15c per hundredweight for surplus milk that has not been reported to the farmers.

"The audit of the Producers Council books shows that their former manager carried this money in a special account. He had it labeled as a 'service charge.' He claimed that he was letting the fun-accumulate so he could surprise the farmers with a special 'bonus' this fall. A large part of the shortage, perhaps all of it, is in the form of this unreported premium.

"We have talked to managers of the other two cooperatives. They admit taking the same 15c premium. But they contend they deposited it with general funds and that the dairy farmers eventually were given proper credit on the books. But they have refused to permit us to make an audit. Therefore we are seeking immediate action on suits we have filed to audit their books under a court order."

## INDIANA DELEGATION IS AGAINST TUCKER'S PLAN

CHICAGO (UP) — Indiana delegates to the Democratic National Convention voted at a stormy caucus today to reject Ralph Tucker's plan for a secret ballot on the presidential nomination.

Tucker, candidate for governor, was ill in his hotel room and did not attend the caucus. It was reported he probably would miss all the convention sessions because of a wrenched back.

Tucker proposed earlier that the Indiana delegation cast a secret ballot so none of the delegates would be placed on record.

## GOV. WILLIAMS' DELEGATES GO TO STEVENSON

### FAVORITE SON RELEASES MICHIGAN DELEGATION FOR ADLAI

CHICAGO, (UP) — Adlai E. Stevenson practically sewed up the Democratic presidential nomination today.

About the only thing that could ruin him now would be for the Democratic National Convention to get into a party-splitting row over civil rights.

CHICAGO (UP) — Gov. Robert B. Meyner of New Jersey announced today that his delegation to the Democratic convention will cast its entire 36 votes on the first ballot for Adlai Stevenson.

CHICAGO (UP) — Gov. Averell Harriman's bid to head the Democratic national ticket today bogged down far short of the votes needed to win the nomination.

Former President Truman and other supporters tried to inject new life into the governor's fight, but time and delegates were running out. Harriman headquarters claimed the governor still had "in the neighborhood of 400 votes."

CHICAGO (UP) — Adlai E. Stevenson's drive for the Democratic presidential nomination received two major assists early today and aides revived predictions of a first ballot victory.

There was a major shift of delegate votes to the Stevenson camp when Michigan Gov. G. Mennen Williams, a favorite son candidate, announced he was releasing his delegation and would support Stevenson.

A poll of the 44-member Michigan delegation showed Stevenson would receive 32½ votes, New York Gov. Averell Harriman 11 and Sen. Stuart Symington, D-Mo., ½.

Stevenson's drive also benefited from approval by Democratic platform writers of a compromise civil rights plank which they hoped would avoid a party-splitting fight on the convention floor tonight.

Details of civil rights proposal were not divulged. But Stevenson aides expected that if it is acceptable to the South, southern delegations which have been wavering this week will return to the Stevenson fold.

Stevenson refused to say anything about former President Harry S. Truman's charge that Stevenson can't win the presidency if nominated. But his aides expressed a lack of concern about the effects of the charge.

Press Secretary Roger Tubby said the "Truman-Harriman effort" to halt Stevenson's drive had "clearly failed." He said the latest Truman blast was evidence the Harriman camp is "pretty desperate."

## Hodge Receives 20-Yr. Sentence

CHICAGO (UP) — Former State Auditor Orville E. Hodge was sentenced today to 20 years in prison for misapplying \$816,427 in state funds deposited in federally insured banks.

Ten years of the sentence would be suspended if Hodge makes good his promise of restitution.

Hodge was brought here from a Springfield hospital to plead guilty before Judge Pohn P. Barnes to the 51 counts in the indictment.

The disgraced auditor also is awaiting sentencing on state embezzlement charges.

## Dirks Writes About Vancouver

The Banner has received the  
following interesting letter from  
Dean and Mrs. L. H. Dirks, who  
are vacationing in Vancouver,  
British Columbia:

Dear Friends,  
Here we are in beautiful Van-  
couver. It is hard for us oldsters  
who grew up in the horse and  
buggy days to realize that one  
can eat breakfast in Greenacres  
and dinner in British Columbia,  
nearly 3000 miles away, twelve  
hours later. But that is just what  
we did August 2nd.

The first thing that strikes the  
visitor here is, the beautiful flow-  
ers everywhere. People here take  
great pride in their yards and  
seem to be working constantly to  
keep them attractive. There are  
flower beds in front of the houses  
as well as in the rear and all  
flowers seem to bloom profusely.

Another thing that strikes the  
visitor is the height of the first  
floor from the ground. It is usu-  
ally eight to twelve steps up to  
the front door. These steps are  
always wide, well railed and well  
painted, not infrequently in  
bright red. I cannot help but feel  
sorry for the postman as he goes  
along the street delivering mail  
and he doesn't have a cart to  
hold his pack either. I am told  
that the difficulty in digging  
basements is the reason for the  
raised first floor. Some of the  
houses now being built are with-  
out basements and are on street  
level.

Vancouver is noted for its  
beautiful parks. Queen Eliza-  
beth's park, which is really an  
abandoned stone quarry, is sim-  
ply breath-taking. If you could  
imagine the quarry east of Robe-  
Ann Park completely surround-  
ed by paths and flower beds, the  
water drained out and the bottom  
laid out into a park of grass,  
shrubs and flowers with a beau-  
tiful fountain in the center and  
flowers planted in every crevice  
of the rocky sides that will hold  
a little dirt, you would get some  
idea of what the park looks like.  
And flowers here are larger and  
more luxuriant than the same  
varieties would be in Indiana.  
Stanley park with its 1000 acres  
has everything and is world  
famous. Here again flowers pre-  
dominate. What I miss most is

THE DAILY BANNER  
WED., AUG. 15, 1956 Page 4  
GREENCASTLE, INDIANA

birds. There seem to be very few  
of them up here.

Canadians are very sports  
minded and the great American  
games of baseball and football  
now occupy the center of the  
stage. Vancouver is in the Pa-  
cific Coast baseball league, the  
only Canadian city, by the way.  
We attended a game between  
Hollywood and Vancouver in the  
beautiful new ball park and the  
attendance and enthusiasm  
were even greater. I think, than  
one would find in a comparable  
city in the States, even though  
Vancouver is in last place and  
the players on the team were to  
a man from the States. Saturday  
night we attended an exhibition  
football game between Vancon-  
ver and Edmonton in the beautiful  
Municipal Stadium. The paid at-  
tendance was announced as 23,-  
364. What will it be when the  
professional season starts? Here  
again at least half of the players  
were from the States.

Fishing here is different from  
that in Catawact Lake. Here you  
troll in the bay for the big ones  
—salmon, sea trout and cod. We  
tried our hand a while yesterday  
and managed to hook one cod.  
We shall try again tomorrow.

We leave here Friday for  
Washington State where we join  
up with Mrs. C. D. Dietz, Pi Phi  
housemother at DePauw, and  
drive across country with her to  
her cottage in Minnesota. After a  
few days there we shall make  
our way back to Greencastle.

SHIPS ARE DELAYED CAIRO, Egypt (UP)—Two U. S. destroyers were delayed at Suez by new Egyptian convoy regulations for passage through the Suez Canal, but finally were permitted to sail northward today. Egyptian authorities said the American vessels Hamsworth and Weeks refused to allow government health authorities aboard in Suez to carry out the "normal health inspection." The captains were warned they would not be allowed to proceed without such an inspection.
